

Humber Village Board Meeting

May 30, 2013

Present:

Andrew May	Murray Purchase	Donna Scott
Pete Eveleigh	Cliff Bluehardt	Jim Day
Brian Johnson	Walter Anderson	Lori Chaytor (secretary/clerk)

AGENDA:

1. Bridge

- Andrew checked on the option of wooden bridge. The cost was \$603,000 + HST. This does not address the top flange.
- 11ft Algonquin bridge with no walkway is an option and shouldn't be much difference in price.
- Traffic light may be an option if there is no option.
- Eric Snelgrove with Algonquin suggested an 11ft bridge with a 3ft walkway
- The board's focus is on the Algonquin and Structural 1
- There hasn't been a dive study done on the bridge and it is past due. Murray will contact Bailey's Marine Services Ltd. to arrange the study.
- Murray will also check with Ian Simpson to see if there is a video of the last dive inspection completed.

Next meeting will be Tuesday July 2 @ 7:30 PM
